

THE MASTER OF SCIENCE IN SUPPLY CHAIN MANAGEMENT & LOGISTICS

Students choose MSc in Supply Chain Management & Logistics for its academic rigor, its intellectual challenge and its proven ability to greatly enhance student career prospects. They're also drawn by its sheer flexibility; no other MSc gives you as much freedom. Most of the courses can be studied in the order you wish, and you have eight years, from commencing your studies, within which to complete.

Our MSc covers key disciplines, including, Freight Transport and Warehouse Management, Global Purchasing and Supply, Operations Management, Research Philosophy and Practice, Strategies for Managing Supply Chains.
